**CONDITIONAL CONCURRENCE: CLOSURE CERTIFICATION REPORT, FORT  
IRWIN ABANDONED LANDFILL SITES FTIR-02 AND FTIR-04, SAN  
BERNARDINO COUNTY**

Regional Water Quality Control Board staff (Board staff) has reviewed the above cited report, received on January 3, 2001. This report was prepared by Montgomery Watson to satisfy both Federal and State Regulations for landfill closure. Documentation, construction and monitoring requirements for the closure of FTIR-02 and FTIR-04 landfills were set forth in the Closure and Post-Closure Maintenance Plan (prepared by Montgomery Watson, May 1999), which was given final approval by your office in February 1999. Board staff concurs with final closure construction documentation on condition that a final field inspection be made of the sites.
